- **See How to earn Minimum \$1,800/Month for life!**

Let's start with SEO, If you only make 1 sale per month(For our **Minimum SEO Package** which is \$499 a Month), in twelve months you will be earning \$1800/month. And in your first year, you will earn a total of \$21,600. That's if you just get one sale per month. You can realistically close for more sales than that. When you make ten sales per month, you will make a Residual \$18,000 a month at the end of your first year. That's right. You could be making eighteen THOUSAND dollars a month just for sending ten customers to us through our SEO affiliate program. And along the way, you will make \$216,000! that first year while building your customer base.

- **SEO Affiliate = Early Retirement**

if you work for one year and bring in just 10 clients a month, you will earn nearly \$216,000 a year doing NOTHING else. You can retire and the paychecks will keep coming. We do all the work. We keep the clients happy. And as long as they stay with the service, you will keep making money. If you have a full-time job or want to just spend your time travelling you can work with us in your spare time. We have a team here 24/7 to close all your sales for you, and you can use the team for a flat monthly fee no matter how many leads you send. All you have to do is get customers. Our 24/7 sales team will close the sale for you and you still get 100% of your commission. No other program offers so much profitability so fast.

- **Real Time Statistics and Sales Reporting**

Whether you want to track every lead or just every sale our powerful system can provide you with all the data you need to maximize conversions and your profit margins. Our system is the

most powerful backend software in the business, The system that handles payment processing handles all sales tracking. That means you get your checks on time. Every time. Login 24 hours a day to track your traffic, leads and conversion statistics.

- **Bigger Clients = Bigger Payouts**

We want to encourage you to bring us the best prospects you can find. So we don't just pay a fixed amount per customer. We pay you 30% of whatever they pay for any service. A PPC client may be spending as much as \$3000 a month on SEO. You get 30% of their spend just for introducing real marketing services to their business.

Many of our clients expand their needs and grow into custom packages. As their needs grow, so do your payouts. So why wait?
